

TECHNICAL BULLETIN

Last Revision: Sept 2021

Subject: **Signature Select® Warranty Program Requirements**

The Signature Select Warranty is a limited lifetime shingle warranty that offers an increased nonprorated Premium Protection period by using Atlas qualifying shingles and Atlas components. The full Signature Select System, Atlas eligible components, must be installed to attain this coverage. The required minimum of four components that are required are listed below.

When the prescribed system components, as described by the Atlas Roofing Corporation below, are installed on your roof the Signature Select Warranty will be qualified and validated. One product from all four components listed below must be used to qualify.

The required components to qualify for a Signature Select Warranty:

1. Atlas Asphalt Shingles (Choose One): StormMaster®, Pinnacle® Pristine, ProLam™, Legend® or GlassMaster®
2. StormMaster® Hip & Ridge (Required for StormMaster® Shingles), Atlas Pro-Cut® Hip & Ridge Shingles or Atlas Pro-Cut® High Profile Hip & Ridge Shingles (Choose One)
3. Atlas Premium Underlayment (Choose One): Gorilla Guard®, Summit® 60, Summit® 180 or WeatherMaster® branded underlayment
4. Additional Accessory Requirement (Must Select At Least One): Pro-Cut® Starter Shingles, Pro-Cut® Starter Roll, WeatherMaster® Products (for use on eaves or valleys), TruRidge® Exhaust Vent, HighPoint® Ridge Exhaust Vent

**** (This is only a brief description of the Atlas Signature Select System warranty – refer to the actual current Atlas shingle Warranty Document for full and specific warranty features and actual coverage. *This letter is not the applicable warranty document.*)**
