

StormMaster® Hip & Ridge

Featuring **Core4®** Enhanced Polymer Technology

StormMaster® Shake - Silver Stone

Beauty and Protection

The Best Finishing Touch for StormMaster® and Pinnacle® Roofs

Atlas StormMaster® Hip & Ridge shingles featuring Scotchgard™ Protector help resist black streaks caused by algae while providing a finished designer look at the hip and the ridge.

Made of the same materials as StormMaster® Shingles, these hip and ridge shingles let you offer your customers stunning curb appeal combined with the great features of StormMaster® shingles, including our proprietary Core4® Enhanced Polymer Technology.

So what is Core4® and what does it mean for you?

Core4® is the most innovative development in asphalt shingle manufacturing, consisting of these four features:

PolyCore® Technology makes them stronger and longer-lasting than other leading shingle brands.

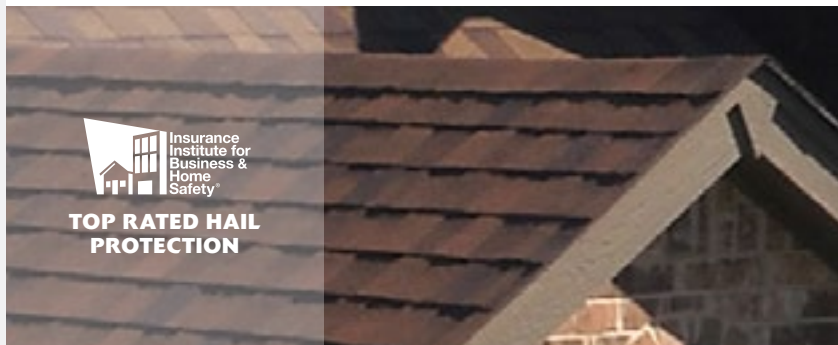

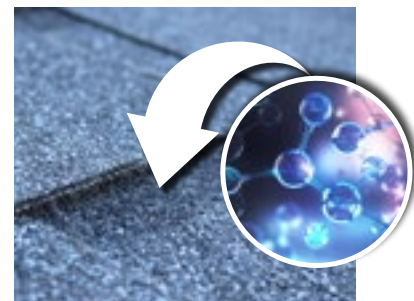

FlexCore® Technology lets them bend and flex when others crack and tear, so they lay flatter and last longer.

WeatherCore® Technology provides the highest wind warranty in the industry – up to 150 mph winds and a #1 rating for hail protection.

ThermalCore® Technology mitigates the effects of expansion and contraction caused by temperature changes, ensuring better granule adhesion.

StormMaster® Hip & Ridge Features

- Colors to match Atlas StormMaster® Shake and StormMaster® Slate shingles as well as Pinnacle® Pristine Shingles
- Core4® Modified Asphalt Technology
- Scotchgard™ Protector
- 130 mph Wind Limited Warranty**
- Atlas Lifetime* Algae Resistance Limited Warranty
- Atlas Signature Select® Eligible¹

* In order to qualify for the Atlas Lifetime Algae Resistance Limited Warranty against black streaks caused by blue-green algae, installation must include Atlas StormMaster® Hip & Ridge shingles featuring Scotchgard™ Protector or Atlas Pro-Cut® High Profile Hip & Ridge shingles featuring Scotchgard™ Protector with Atlas shingles featuring Scotchgard™ Protector.

** Refer to the Atlas Roofing Limited Shingle Warranty for all coverage requirements.

¹ Refer to the Atlas Signature Select® Limited Warranty for all system coverage requirements.

Scotchgard and the Scotchgard Protector logo, including the plaid design and 3M logo, are all trademarks of 3M.

Fight Black Streaks with Scotchgard™ Protector

A Brand You Know and Trust with Over 25 Years of Proven Performance

First impressions are everything, don't let the black streaks caused by algae ruin it. Atlas shingles featuring Scotchgard™ Protector have:

- Copper-containing granules with a proprietary 3M porous ceramic coating that allow copper ions to release slowly over time.
- A minimum 10% blend of evenly distributed 3M™ Copper Granules among standard colored granules.
- Third-party verification of the 3M copper granule application.
- An Atlas Lifetime* Algae Resistance Limited Warranty against black streaks caused by algae.

10% or more 3M copper-containing granules = protection against the black streaks caused by algae.
